Read the introduction, and then plan and write an essay in response to the question below. Use the essay as a chance to show how clearly and effectively you can express and develop ideas. Present your thoughts logically and precisely. Include evidence or examples to support your point of view. A plain and natural writing style is recommended. The number of words is up to you, but quantity is less important than quality.

Use the assigned page for planning, and the lined pages for your essay. Write neatly, because handwriting that's hard or impossible to read will decrease your score.

If you finish in less than 40 minutes, check your work.
